**Pre-college Summer Experiences**

During the summer, high school students are offered the opportunity to learn more about Taylor and academic areas through various programs. Offerings range from one-week non-credit bearing academic camps to a two-week credit-bearing program.

During the two-week program, students experience a snapshot of college life at Taylor while earning college credit. This program is for high school students who have completed their junior year. Each summer’s activities vary, but you can count on making friends from across the country, being pushed academically, and growing spiritually.
